About Athon S / A

Athon Plastomers and Elastomers S/A is a company responsible for the manufacture of special sealing elements customized for different industrial segments.

We guarantee the full satisfaction of our customers, offering a certificate guaranteeing the physical and chemical properties of our products, as well as technical training for plastomers and elastomers and its applications.

The tools used in making the sealing products are produced with specific steels for rubber molds providing better product quality and less risk of deformation in the production process.

Quality Policy

“Athon S / A, active in the development and demand for technical solutions segment in seals, meets the needs of its necessary parts by fundamentalizing its Integrated Management System based on the following principles:

- (a) Exceed customer expectations;
- (b) Prevention of all types of pollution and spills, minimizing environmental impacts and the generation of waste;
- (c) Full preservation of the health and physical integrity of its talents and visitors in any capacity;
- (d) Promoting the quality of life of their Talents;
- (e) Appreciation and personal and professional development of your talents;
- (f) Full compliance with legal and regulatory requirements applicable to the organization; and
- (g) To continuously improve the effectiveness of the Integrated Management System.

Quality Athon S/A

Athon S/A is a company that maintains a strict quality standard in its processes and products, aiming to guarantee a high degree of reliability to its customers and partners in the most diverse and complex applications. **Athon S/A** is Certified ISO 9001: 2015 and is in the process of ISO 14.001 and ISO 45.001 certification.

CERTIFICATE

This is to certify that

ATHON PLASTÔMEROS E ELASTÔMEROS ESPECIAIS DE ALTPERFORMANCE S.A

ATHON S/A PLASTÔMEROS E ELASTÔMEROS DIVISÃO VEDAÇÕES
Avenida Bom Jesus, 1035 - Galpão 07
12955-000 Bom Jesus dos Perdões - SP
Brasil

has implemented and maintains a **Quality Management System**.

Scope:
Research, development, industrialization and trade of parts and artefacts of plastomers and elastomers in general, mainly custom sealing elements in special compounds.

Through an audit, documented in a report, it was verified that the management system fulfills the requirements of the following standard:

ISO 9001 : 2015

Certificate registration no. 60300910 QM15
Valid from 2022-10-17
Valid until 2025-10-16
Date of certification 2022-10-17
